Action Item:

The Committee has reviewed the U.S. Dept. of Justice "Fire and Arson Scene Evidence: A Guide for Public Safety Personnel", and their findings are that this is an acceptable document for the first responder.

It is further recommended that this committee be placed in inactive status for the present time, that they reconvene in approximately one year after the issuance of this document. At this time a review be conducted to determine if this guide has met the needs of the community.
